Slaves luxury, luxury appearance, the appearance luxury. Slaves of life , which we did not choose, but which he resigned-because they allowed themselves to convince someone that it is best for them. I just went bt them the same day and the same right, where adventure could only happen in a book or playing nonstop Tv. And when he opened a door in front of them , always said : It does not interest me , I do not care. In the book , Fri " Be like the flowing river", the author stresses optimistic : " When a warrior of light fill the job , Reforging intention to act , does

not need to worry . Fullfilled its role. He was not paralyzed by fear . Even if the arrow does not hit, the shooter has another chance , because they chickened aut ”.
